EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 3, line 1, "the clamping" has been changed to -- a clamping -- and in line 2, "the manipulating" has been changed to -- a manipulating --. It is noted that these changes provide antecedent basis to the "clamping portion" and the "manipulating portion" and thus advancement in the prosecution of the case.

In claim 11, line 1, "An" has been changed to -- A --.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double
